TECHNICAL INFORMATION	
------------------------------	--

Generator Manufacturer	
------------------------	--

Generator Model	
-----------------	--

Generator Supplier	
--------------------	--

Type (solar,wind,gas,etc)	
---------------------------	--

Inverter Manufacturer	
-----------------------	--

Inverter Model	
----------------	--

Inverter Supplier	
-------------------	--

Mains failure protection type	
-------------------------------	--

Max rated power output (kW)	
-----------------------------	--

Rated AC voltage output (kV)	
------------------------------	--

Proposed point of connection to Scanpower network	
--	--

No. of phases	
---------------	--

Name of Electrical Contractor	
-------------------------------	--

Proposed Connection date	
--------------------------	--

Please attach a copy of the technical specifications of the generator and associated equipment together with the supplier contact details for the equipment you propose to install.

Please attach a copy of the technical specifications of your equipment to show that your proposed distributed generation would automatically disconnect from our network during a power outage (it is important that distributed generation systems isolate from the network to avoid injury to Scanpower staff)

If you do not complete all sections of this form your application may be delayed
